

Name _____ Date _____

DESERTS

PART I: Choose and mark one of the following deserts. Using what you have learned from this lesson and your own research, fill in the graphic organizer about the desert you have chosen.

- Gobi
- Namib
- Sahara
- Mojave
- Kalahari
- Sonoran
- Atacama
- Patagonian
- Taklamakan
- Chihuahuan

Location:	When/how it formed:
Average precipitation:	Average temperatures:
Animal adaptations:	Plant adaptations:

Name _____ Date _____

PART II: Imagine that your friend or family member does not know anything about desertification. Write a letter explaining what desertification is, how it can impact the planet and any ideas you have for stopping it.
