Part II: In Flocabulary's Marie Curie song, we use a quotation that is attributed to the accomplished scientist: *"Nothing in life is to be feared; it is only to be understood."* Respond to this quotation. What do you think it means? How did Marie Curie apply this quote to her own life? How can you apply it to yours?

- Curie has just discovered how radioactivity works.
- Curie's husband has just passed away after a tragic accident.
- World War I has just begun, and Curie wants to help the cause.
