

In “Mary Shelley,” we learn that *Frankenstein* is an early example of science fiction, exploring the boundaries of technology and scientific ethics. What is one current technological or scientific issue you would like to see explored through fiction? What might that exploration look like? Explain your answer in two to three paragraphs.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on the right side, suggesting it's resting on a surface. There is no handwriting or other markings on the paper.
