# MY TRANSPORTATION LOG

Fill out the log below with words and pictures of different forms of transportation you've used. We've filled in an example for you.

	Mode & Vehicle	From _____	To _____	Describe the route	Time it took	Why did you use this form of transportation?
ex.	 over land in a car	 my house	 grocery store	 We drove on a busy street with lots of traffic.	It took about 12 minutes.	We took a car because the distance was too long to walk, and we'd have too much food to carry back with us. There isn't a bus that goes from our house to the grocery store.
