What Is Inflation?

In “What Is Inflation?” we learn that inflation can be caused by an increase in the amount of money in circulation as well as by changes in supply and demand. Why do you think these factors are often inflationary? Explain your answer in two to three paragraphs.

Name _____ Date _____

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
