

IEP Goal 1				IEP Goal 2				
Given a list of nonsense multisyllabic words with Consonant-le patters or hard/soft c/g patterns, WALLACE will read the words , as measured by 100% mastery of the following objectives				Given a list of real words with irregular r-controlled or y as a vowel, WALLACE will read the words , as measured by 100% mastery of the following objectives				
Short-term Objectives/Benchmarks	Trial 1	Trial 2	Trial 3	Short-term Objectives/Benchmarks	Trial 1	Trial 2	Trial 3	
Given a list of nonsense multisyllabic words with Consonant-le patters, WALLACE will read the words with 80% accuracy across 3 trials by 11/07/2025				Given a list of real words with irregular r-controlled (vrr, ar+v, er+v) WALLACE will read the words with 90% mastery across 3 trials by 11/07/2025 (Wilson 8.4 & 8.5)	80% on 10/7/25 (arithmetic, ceramic, parish)	60% on 10/24/25 (demerit, serenades, surrendering m	80% on 10/27/2025 (barrenness, tariffed) self-corrected both	
Given a list of nonsense multisyllabic words with hard/soft c patterns, WALLACE will read the words with 80% accuracy across 3 trials by 01/16/2026				Given a list of real words with irregular r-controlled (ar/or/ard at the end of syllable), WALLACE will read the words with 90% accuracy across 3 trials by 01/16/2026				
Given a list of nonsense multisyllabic words with hard/soft g patterns, WALLACE will read the words with 80% accuracy across 3 trials by 04/03/2026				Given a list of real words with y as a vowel (open, closed, v-e) WALLACE will read the words with 90% accuracy across 3 trials by 05/21/2026				
IEP Goal 3								
Given a list of words with suffixes that may or may not change the base of the word, WALLACE will read the words , as measured by 100% accuracy of the following objectives								
Short-term Objectives/Benchmarks	Trial 1	Trial 2	Trial 3					
Given a list of words with suffixes that end in silent e (-ace, - age, -ice, -ile, -ine, -ile, -ine, -ite), WALLACE will read the multisyllabic words with 90% accuracy across 3 trials by 01/16/2026								
Given a list of words that end in e and with a suffix (i.e. retaking, lately), WALLACE will read the words with 90% accuracy across 3 trials by 04/03/2026								
Given a list of one and two syllable words with closed or r- controlled base word and a suffix (i.e. starred, regretting, admitted) WALLACE will read the words with 90% accuracy across 3 trials by 05/21/2026
